

The complete smart lock system for small and growing businesses

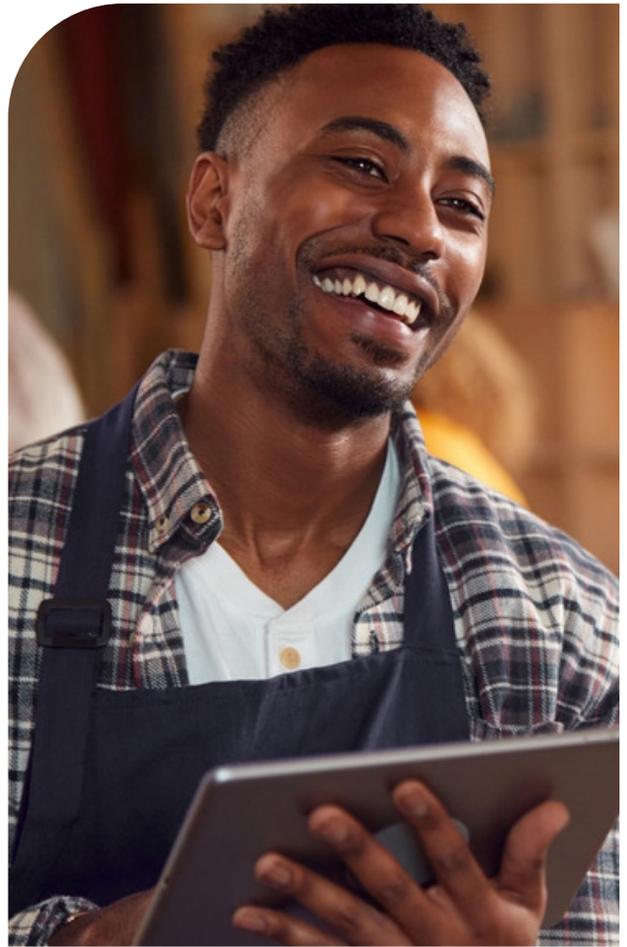

Pricing Catalog 2023

The smart lock system that works the way you do

With smart access from Centrios, you can be exactly where you need to be no matter where you are.

Give maintenance access with a tap on your phone, easily schedule who gets access to what and when, and use the app to check and see who locked up (even when you're not there.)

Hardware and software designed for businesses — easy to install and simple to use.

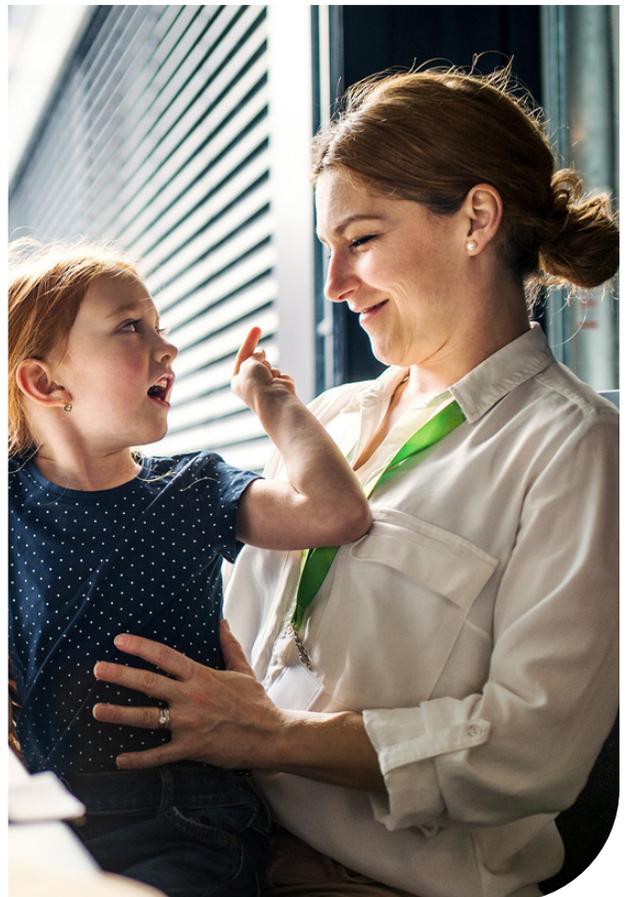

2-year warranty and 24/7 support resources.

Training and video installation guides available on demand.

Manage up to 20 doors and 100 users in a single system.

Mobile ready

The Centrios mobile app is incredibly easy to navigate and use — no training required.

With simple and secure authentication processes, you can quickly manage who has access to what and where within your business. And with one flat monthly fee, you always know exactly how much you are paying to access all of the features, devices, and users in your plan.

Cylindrical Lock

CEB100/102

With many new patents, the cylindrical lock from Centrios is designed specifically with business owners in mind. Engineered for speed of installation, ease of use, and mixed functionality, the cylindrical lock is the perfect starting point for your Centrios system.

Features & Certifications

- ANSI/BHMA A156.2 Grade 1
- UL10C 3-hour fire rating
- IP57 weather resistance to allow full exposure to both sides of the door
- FCC/IC Certified
- ADA compliant
- Deadlocking latch
- -40° F to 140° F

Mechanical key or bluetooth mobile access. Privacy mode with included door position sensor installation. Full-time passage egress.

Operates one year on four AA batteries. Exterior emergency 9VDC power backup.

Unique LED for lock events and alarms. Key in lever design for fixed core. Configurable auto relock. Wireless door position sensing (DPS).

Designed to be quick and easy to install — with in-field handing and patent pending automatic adjustability from 1-3/8" to 2-1/4" thick door without tools.

Freight Terms

All Purchase Orders received with a minimum value of \$3,500 will qualify automatically for free standard freight within the continental United States. This minimum amount applies per Purchase Order to qualify and does not include free expedited freight. Qualified orders may ship partial or ship complete at your preference. Qualified orders that ship partial will not incur freight charges. All shipments that do not qualify for free freight will be charged for freight based upon our terms in effect at the time of shipment. Customers may provide their own carrier account number for expedited freight methods or for any Purchase Order to be used to cover freight costs. Minimum amounts are subject to change without notice.

Returns

There will be a 35% restocking fee for all returned product. For a return/restock, product must be in original, unmarked, undamaged, and re-sellable cartons, be valued in excess of \$250.00 net, have shipped and been invoiced within the past 120 days, not be custom, non-catalogued, or master keyed. All orders sent back for restocking must be approved and are subject to inspection upon receipt. Restocking fees will be deducted from the value of the credit following inspection.
